

VISION TRENDS

Dr. Michael Toups - Founder and President
Dr. Douglas Inns - Founder and Vice President

September 26, 2017

Dear Vision Trends Members,

We recently started doing business with Tech Assurance Managed Print Solutions. They had given us a proposal and an estimate of how much they could save us. They were right on the money! They have saved us \$450.00 per month on in-office printing costs.

Please allow them to give you an estimate.

Thank you,

Michael Toups, OD
President and Co-Founder
